

Use of kitchen

You are welcome to use our kitchen for simple preparation of meals.

The stove is equipped with electricity and gas; please use the electricity when there is.

When you have been using households and other kitchen items, wash up the dishes before you leave the kitchen.

If the garbage container is too full, please take it to the big garbage container on the backside.

In the refrigerator and cupboards you can keep your foodstuff. You are kindly requested to mark the things that belongs to you.

We will use our right to throw what is not marked, when we clean on Fridays.

Before you leave the guesthouse, make sure that your foodstuff is not left behind.

Thanks for your cooperation!
